Hi Shantal,

I'm following up on my call, attached are documents that show why NGC owes EPA \$10.00 from 2017. For the TRW Site, EPA requested payment for \$120,425.71. Wendy's letter to Thelma disputed \$71,816.81 which left a balance of \$48,608.90. NGC paid (per copy of check) \$48,598.90. Therefore, \$10 is still owed.

The easiest way to address the underpayment is if NGC overpays the next invoice by \$10 and EPA waives the interest on the \$10 owed. This would balance out the account. Let me know if there is anything else you need and how NGC will address the \$10 owed.

Thank you,  
Michael
